~ Be sure to have paperwork filled out (online) and all fees paid before the first day of practice. Don't forget that you will need a current physical as well.

~ Please have appropriate attire for practice everyday: soccer cleats, shin guards, and soccer socks are mandatory - players will be sent home if they do not have these items.

~ Rides need to be arranged to and from practices and games. Coaches will be available for supervision for 15 minutes after practice and game return times.

~ There will be a new schedule given out, which will include games and practices, before the end of the second week of practice.
