Class Placement

Classroom assignments are made by a team that includes the principal, classroom teachers, special education teachers, and other staff as needed. This team utilizes all available information in order to carefully select the best placement for all students. Many things factor into making the best placements:

- ✓ Academic & behavioral needs & strengths
- ✓ Student learning styles
- ✓ Peer group and social needs
- ✓ Equal balance of gender and academic ability
- ✓ Balance of class sizes throughout the school
- ✓ Information from a student's current teacher & parents

*If you feel there is specific information about your child that should be considered when making an appropriate placement for next year, you will need to pick up a Student Needs Consideration form from the office. This form will be available beginning March 20th and must be returned by **Monday, April 24th** in order for your input to be considered. We value your feedback. It is our goal to select a placement geared toward your student's success for the 2023-2024 school year.*

Please do not request a specific teacher when completing this form.

Thursday, April 13
Drive-thru: 5-7 pm

If you have a child who will be eligible for kindergarten (must turn 5 by August 31st), please plan on using our drive-thru on April 13th to pick up information on how to enroll your child and then be scheduled for a kindergarten screening in June.

(Registration information will not be available before this date)

Preschool opportunity!

The Baby Bearcat program at W.F. West High School is a well loved learning lab for high school students in the Early Childhood Education class. Preschoolers get the benefit of supervised one-on-one contact with high school students, who are learning valuable skills about interacting with children. Baby Bearcats will begin enrolling students in April for next year. Registration packets may be picked up from the ASB office at WF West High School.
