College & Career Readiness

JUNIORS - - - Class of 2025!!

SAT/ACT: College Admissions Tests: Many colleges no longer require you to take the **SAT or ACT** test as part of college admissions. However, it really depends on the school. If you are planning on attending college in another state or you want to apply to a very competitive school, then I would suggest signing up for the SAT or ACT the Spring of your Junior year. Links are below. If you have some ideas of colleges you are thinking of applying to, look at their website for ACT/SAT policy.

SAT <https://satsuite.collegeboard.org/sat/registration/dates-deadlines>

ACT <https://www.act.org/content/act/en/register-for-the-act.html>

COLLEGE TOURS: Spring and summer are a great time to start exploring college campuses. There is nothing that compares to actually seeing the campus in person. Tour dates are readily available on each school's website, but if visiting in person is not easily accessible, don't worry! Colleges and universities also offer online tours and information sessions.

MILITARY ACADEMIES: (West Point, U.S. Naval Academy, Air Force Academy, Coast Guard Academy): If this is something your student is interested in, you need to start this process now. They have detailed steps on their websites and information on timelines are also available in our office.

Mrs. Chaput will be working closely with upcoming seniors next year. The Counseling Center and Mrs. Chaput will be here to help with each step along the way. We will explore a variety of post-graduation options and the pathway to get there. We are excited to partner with you during this every exciting, and sometimes stressful, year.

10th Grade College Tour

Seattle Pacific University

On May 9th, we were excited to be able to take a group of current sophomores to Seattle Pacific University. We know that not every student will end up attending SPU, however we believe that getting on college campuses to be able to compare and contrast them to others they may visit in the future is a very useful experience. Our students had a great time on the tour, asked thoughtful questions, and enjoyed having lunch on a college campus. We want to thank Seattle Pacific University for hosting us!

We would also like to thank the Chehalis Foundation for making this experience for our students possible. They felt incredibly special to take chartered buses on this trip and the Foundation's support is greatly appreciated.

Advanced English Program

Dear Students and Parents:

We expect every student in the Advanced English Program at W. F. West to be an avid reader, and we feel that it is our responsibility to recommend literature that will help prepare you for the type of reading that the advanced classes require. Therefore, **incoming advanced sophomore students** in our advanced program are required to read a minimum of two novels from our list each summer and complete a short form for each novel. In addition, **incoming advanced freshmen students** are required to read a minimum of one novel from our list and complete a short form as well.

Our summer reading rationale:

- ★ Academically and intellectually, supplementary reading is one of the most beneficial activities for students who plan to attend college. We believe that students cannot read too much literature.
- ★ College students who were W. F. West graduates make a point to return and tell us that we are doing an excellent job of teaching them how to analyze and explore literature in-depth, thus preparing them for the collegiate level.
- ★ In our continuing attempt to provide an education competitive with the best public and private schools in the state, we have recognized that our students need to be more well-read. Most Advanced English programs at public and private schools in Washington require summer reading.
- ★ To acquire your chosen novels, you may either use the W. F. West High School Library, or buy them at a bookstore. We send a copy of the reading list to the libraries and the local bookstore.

Parents, please note that some of these novels may contain mature subject matter, and you may want to discuss with your son/daughter your feelings on appropriate reading material. If you would like further information on these authors and novels, the public library has many resources, reviews, and biographies. Please take time to discuss with your child the importance of being well versed in literature. We appreciate your support.

Sincerely,

Josh Hergert and Kyle Karnofski
W. F. West Advanced English Teachers

Directions:

- 1) The starred novel is required for summer reading. The starred novel will be the first assignment due the first day of school. An assessment on the work may be part of your first class activity.
- 2) In addition, for incoming sophomores choose one other novel from the list. Both novels are to be read over the summer. If you have already read all the novels on your class's list, including the required one, you may choose two novels from the other lists.
- 3) For each novel you read, you must complete a College in the High School Short Form. Additional Short Forms can be found at:
<https://chehalisschools.org/wfw/library/>
- 4) Bring your completed Short Forms to class on the first day of school. They are the first homework assignment and will receive a grade. It will not be accepted if late.
